May III Cannot Appear

To Testify on
Activities in
Behalf of a
Munitions Combine

WASHINGTON, July 26—(AP)—Dr. Henry Lowden, a physician, told a closed session of the Senate War Investigating Committee today that it could not expect to hear testimony from Rep. Andrew J. May (D-Ky.) for ten days or two weeks. The representative became ill late yesterday.

Dr. Lowden went before a closed session of the committee with the information that a heart condition would prevent May's appearance for that period.

WASHINGTON, July 26—(AP)—A formal medical explanation of Rep. May's (D-Ky.) sudden illness was sought by the Senate War Investigating committee today. He failed to appear to testify on his wartime activities in behalf of a midwest munitions combine under investigation.

Chairman Mead (D-Ky.) said that Dr. Henry Lowden, physician for the ailing and absent Kentucky legislator, would be asked to produce a medical certificate attesting the nature of the illness and furnish additional details orally in a private session.

Attorney Warren Magee, counsel for the 71-year-old chairman of the House military committee, informed the committee that Dr. Lowden is willing to appear. He said the doctor had told him that May's condition would bar his testifying for at least a week.

Had Heart Attack
Magee said May's daughter told him last night her father had had a heart attack.

Left tentatively unsettled, Mead said in reply to questions from newsmen, are these decisions:

1. Whether to send a physician of the committee's choosing to May's bedside to check up on his condition.

2. Whether to submit a series of questions for May to answer at home in the event his illness is protracted.

At the request of Senator Ferguson (R-Mich.) the committee placed in its record files from the labor department pertaining to Murray Garsson, one of the promoters of the munitions combine to which May's name had been linked by previous testimony.

Former Investigator
Garsson was formerly an investigator for the department, and committee records showed that he was removed by Secretary Perkins.

The files were not immediately available to the press, but Mead said they showed that Garsson had once been "on very friendly terms with Al Capone and visited him alone in the jail out there (Chicago)."

The records also showed, Mead said, that in certain "Los Angeles cases" concerning Garsson there were a "great many actors and actresses and stars" involved.

The existence of the file showed, Mead contended, a "lack of interest" on the part of "certain government representatives, in determining the character, reputation and morals" of contractors with whom the government did business.

Will Explain in Private
Counsel for May told the committee that May's physician is willing to explain in private session why the congressman is unable to testify now.

The offer came from Attorney Warren Magee shortly after committee chairman Mead (D-N.Y.) formally inquired "Is Rep. Andrew J. May in the room?"

Magee stepped forward and said: "He is not in the room."

"Would you explain why?" asked Senator Ferguson (R-Mich.), a committee member.

Magee then told the committee that he had received a telephone call from May's daughter early last night informing him that the 71-year-old chairman of the House military committee was "very ill, incapacitated, that he had suffered a heart attack."

Munitions Strike
Mead said that he had talked again with the physician, Dr. Henry Lowden, this morning, and said that Dr. Lowden was willing to appear in executive session to state why May is unable to appear now.

"When will he be able to appear," asked Senator Ferguson. "Not within a week—and it may be longer," said Magee.

Mead inquired whether Magee had talked with "your client."

"Not since he had a stroke," responded the attorney.

Ferguson and Magee engaged in a discussion as to whether May had suffered a "heart attack" or a "stroke," which wound up with the attorney suggesting:

"Why don't you ask his physician?"

Mead declared that the "committee is sorry to learn of his illness," and expressed hope that "his recovery will be rapid."

Contest Postponed

The second regional model airplane contest scheduled to be held here Saturday and Sunday, July 27 and 28, was ordered postponed indefinitely by action this noon of the board of directors of the Sedalia Kiwanis club, sponsors, after consultation with members of the State Board of Health. The postponement was taken as precautionary because of the current concern over spread of infantile paralysis.

In view of the statewide effort to prevent the further increase of infantile paralysis, Boy Scout Camporees, originally scheduled for Sedalia and Tipton, have been postponed until later dates.

In line with the recommendation of the State Health Department the Knights of Columbus and Daughters of Isabella picnic, which was scheduled for Sunday, July 28, has been postponed.

Swimming Pool at Liberty Park Closed

No New Cases of
Paralysis Here;
Precautions Taken

Upon the recommendation of Dr. John Williams, Jr., Jefferson City, with the state board of health, who was in Sedalia Thursday consulting with members of the Pettis County Medical society, the swimming pool at Liberty park has been closed. This action was taken as precautionary against any spreading of infantile paralysis, as there are many cases in the state, and one death has occurred in Pettis county.

Raymond Peters, city sanitary officer, co-operating with a special committee of the Medical society, Dr. C. D. Osborne, Dr. C. H. Brady and Dr. John Rodeman, requests citizens to keep their yards around their homes as clean as possible as a preventative. Those who do not have any means of disposing of garbage, he states, may take it to the incinerator in North Sedalia, on Lamine and Clay streets, where it will be burned.

The caretaker is there between 8 a. m. and 5 p. m.

No Other Cases
Although there have been rumors of other cases of polio in Sedalia and Pettis county, Dr. Osborne stated today there have been no cases reported other than that of William Elbert Hudson, who died in a Columbia hospital. Steps had been taken to take two of Hudson's friends, with whom he had been associated, to Columbia, but after taking into consideration the time element, it was decided there was no danger of their having been exposed.

**Panic Spreads
In Jerusalem**
JERUSALEM, July 26—(AP)—Panic spread in the heart of jittery Jerusalem from a false bomb alarm today as British police continued measures against alleged terrorists and rounded up more than 200 Jews.

The panic developed from the spread of a rumor that police headquarters was to be blown up in a few minutes.

Someone shouted the Hebrew word for "Bomb" and the busy streets around headquarters and the general post office were quickly emptied by hundreds of fleeing in all directions.

The tension increased with the sudden arrival of police reinforcements in armored cars. It was sometime before the excitement eased with the announcement that the alarm was false.

The police roundup included Jews who had been released during the past 12 months and who were re-arrested today. They were rounded up in Jerusalem, Tel Aviv and Haifa and sent to Latrun detention camp.

**Picketing
Her Husband**

LOS ANGELES, July 26—(AP)—Her ex-husband is "unfair," says Frances Sobel, because he won't give her a divorce, so she's picketing him.

Miss Sobel, who retains her maiden name, told reporters she came all the way from New York City to ask Meyer Zietlin to join her in getting a Jewish divorce but he refused. Although they were legally divorced two years ago, she said, she cannot remarry until her church also recognizes severance of their marital ties.

That's why, explains Mrs. Sobel, she is walking the sidewalk outside Zietlin's grocery, wearing a "sandwich sign" which says, in part:

"All I want is a Jewish divorce."

**Rain Badly Needed in
Southwest Missouri**

JOPLIN, Mo., July 26—(AP)—A southwest Missouri drought of disastrous proportions unless rain falls soon was predicted yesterday by agricultural experts.

Virgil Sapp, Jasper county agent, said his county was the center of the drought area with corn heavily damaged and pastures nearly 100 per cent destroyed. Only a trace of rain has fallen in the county this month.

Damage to fruit, pastures and feed crops in neighboring counties was reported. Sixty per cent damage to the lespedeza crop in Newton county was reported by County Agent Marvin Vines.

Mousetrap in Pocket

BALTIMORE, July 26—(AP)—A police station turnkey was searching Joseph White, 77-year-old Negro arrested on a disorderly conduct charge, when he suddenly yanked his hand out of the man's pocket—fingers caught in a mousetrap. The trap was guarding three cents in White's pocket.

Governor Signs 'Responsibility' Bill

Governor Phil M. Donnelly signs the car owners' financial responsibility bill at Jefferson City as leading sponsors of the bill look on.

The new law makes car owners and drivers financially liable for injury, death, or property damage if they are found to be at fault when involved in an auto accident.

Watching the signing are (left to right) Gus Vahlkamp, secretary of the Auto Club of Missouri; Sam W. James, Jr., Jefferson City attorney; W. N. McDonald, Joplin, chairman of the House Road and Highway committee; R. Jasper Smith, Springfield, state senator who handled the bill on the floor of the Senate; Mrs. Ira Hyde, Princeton, widow of the late State Representative Hyde, who introduced the bill; Jeanie Hyde, daughter of Mrs. Hyde; Matt F. Morse, president of the Auto Club of Missouri; and R. J. King, state representative from St. Clair, who handled final passage in the House. (AP PHOTO)

'War Scare' Says Russia

LONDON, July 26—(AP)—The Moscow radio said today that the Bikini atom bomb test, coupled with discussions of inter-American collaboration, constituted a "war scare" which "imperilled the 'dream of peace.'"

"The Monroe doctrine has become a symbol of economic, military and political supremacy of the United States," Dr. I. Lemin said in an English language commentary. "Such ideas have nothing in common with the letter and spirit of the United Nations."

He said that the doctrine was "a direct threat to the sovereignty of Latin American countries."

"It is worth noting that this bill for inter-American military cooperation provides for extension of this collaboration to Canada, too," the commentator said.

"Hence, joint American-Canadian expeditions to the Arctic ocean and the desire to make Canada's northern boundary part of the United States defense system."

Observers are Amazed at Hole in Lagoon

Fly Over Scene to
Learn Results of
Bomb Explosion

By Charles H. McMurtry

ABOARD A C-54 OVER BIKINI LAGOON, July 26—(AP)—The underwater atomic bomb packs a lethal wallop over a radius of probably two-thirds of a mile, cameramen and others aboard this plane were convinced during a six and a half hour flight today over the ship wrecked scene of yesterday's test.

A great hole on the bottom of the lagoon in the target center amazed observers, some of whom witnessed yesterday's detonation. The total damage at 12:25 p. m. (7:25 p. m. CST, July 25, U. S. date), when the plane departed for its base, appeared to be:

Sunk — The carrier Saratoga, the battleship Arkansas, a yard oiler and two or three submarines, one of which this group "saw" go down.

Overturned — One tank landing craft, presumably the one Vice Adm. W. H. P. Blandy reported sunk.

(McMurtry did not list the landing ship to which the bomb was suspended; it was disintegrated.)

Damaged: The Japanese battleship Nagato, down astern and listing 10 degrees to starboard; the battleship New York, a slight list; the destroyer Hughes, settling slowly but definitely on an even keel and may go down before dusk; the submarine Skate, heroic survivor of heavy damage by the air burst bomb, down astern this time and listing to starboard; two attack transports, listing; one destroyer, listing and several vessels, including two destroyers, moved far out of position but apparently undamaged.

Heavy oil swirls half-covered the reef northwest of Bikini island. One landing craft, a rubber life raft and several large buoys were strewn along the reef. Large oil slicks marked the ocean immediately outside the lagoon, presumably carried over the reef at high tide.

Oil Streak Marked Spot
Huge bubbles and a long, slender oil streak marked the Saratoga's resting place. Another long slick trailed northeast from the Arkansas' grave.

After the detonation, the lagoon at the center of the target array was a vivid green as though the water had been dyed. This was caused by the shattering and pulverizing of coral. Today currents had carried away much of the coral, leaving a great milky streak running from the approximate place where the Saratoga sank northwestward a mile or more. The streak slowly grew in width and hid the fate of at least two submarines.

Car Production
ARKANSAS CITY, Kas., July 26—(AP)—L. M. Taylor, 79-year-old retired minister, tired of waiting for a new car so decided to create his own 1946 model.

He installed a new 60-horsepower engine in a 1926 Model T Ford and says the jalopy "runs like a dream."

To prove it, he plans to drive his dream-model to California, starting tomorrow.

The Weather
Central Missouri: Partly cloudy with moderate temperature tonight.
Warmer Saturday.

Temperature: 7 a. m., 64 degrees; 3 p. m., 93 degrees.

Lake of the Ozarks: 2.6; fall 1.

Demands Nazi Leaders All Be Convicted

Justice Jackson
Says Hitler's Acts
Are Their Acts

NUERNBERG, Germany, July 26—(AP)—Justice Robert H. Jackson demanded on behalf of the United States today that all the 22 Nazi leaders on trial on war crimes charges before the international military tribunal be convicted as "conspirators" to wage aggressive war.

Opening the prosecution's summation for the Allied Nations against Hermann Goering and his 21 co-defendants after 8 months of testimony and debate, Jackson declared:

"Adolf Hitler's acts are their acts. His guilt is the guilt of the whole dock and every man in it."

Jackson was followed by the chief British prosecutor, Sir Hartley W. Shawcross, who declared the prisoners were guilty of "12,000,000 murders."

He declared they participated in and directed "the cold, calculated, deliberate attempt to destroy nations and races, to disintegrate the traditions, the institutions and the very existence of free and ancient states through murder conducted like some mass production industry in the gas chambers and the ovens" of death camps.

Crowded Courtroom
For the first time in several months, there hardly was an empty seat in the courtroom.

Rudolf Hess, the third ranking German before he parachuted into Scotland and started his incredible insanity hoax, was the only defendant missing beside Martin Bormann, tried in absentia but often termed dead.

Once when Jackson was relating how the German army, navy and air force grew, paunchy Hermann Goering and Grand Adm. Erich Raeder started a heated argument that military police had to break up.

Enjoy Biting Remarks
All the defendants except Ernst Kaltenbrunner, once head of the secret police, seemed to enjoy Jackson's biting remarks. Even he grinned widely when Jackson described his defense as that of a "security chief who was of the impression that the policing functions of his Gestapo SS were somewhat on the order of directing traffic."

Fritz von Papen, the wily old diplomatic schemer, shook his head sadly when Jackson said he was one of the men who made

New Agents for Field Work

JEFFERSON CITY, July 26—(AP)—Appointment of three new field service agents and partial reorganization of its field service section was announced today by the Missouri Conservation Commission.

New agents are Dick Rotsch of Liberty, assigned to a new Kansas City metropolitan region; Ray M. Wells of Wentzville, assigned to northwestern Missouri, and A. R. Mottesheard, who will be the state coordinator of the commission's farm pond program.

Kenneth Hicks of Kirksville, field service agent for northwestern Missouri, was promoted to assistant chief of the section. He will be succeeded at Kirksville by Fred Bickel of Steelville, formerly in the east central division.

In other changes Robert R. Bright of Cameron was transferred from the northwestern to a new metropolitan St. Louis division and Cecil Davis, who has been working on farm ponds, was assigned as commission representative in the balanced farming program of the agricultural extension service.

**Junior Legion Plays Glasgow
Sunday 'Win or Lose'**

"Win or lose" today's game in the tournament being played in Kansas City this evening, the Junior American Legion ball team will play the Glasgow team at Liberty park, at 2:30 o'clock Sunday afternoon.

Unauthorized Strike
HANNIBAL, Mo., July 26—(AP)—More than 500 employees of the International Shoe company rubber plant here were idle today in what union officials described as an authorized strike for higher wages.

Lilburne Easley, president of CIO Rubber Workers Local No. 198, said the strike was not called by any union official.

Company officials said the strike began yesterday and that only office workers reported for work today.

Details of the dispute were not available.

Increase in Gasoline Price
NEW YORK, July 26—(AP)—Socony Vacuum Oil Co. today announced an increase of nine-tenths of a cent a gallon on gasoline and solvents, the increase to take effect Saturday in the company's New York and New England territories.

Sense of Humor Helps People to Live Much Longer

CHAUTAUQUA, N. Y., July 26—(AP)—A sense of humor helps people live longer, says Dr. Morris Fishbein, Chicago, editor of the Journal of the American Medical association.

Dr. Fishbein told an interstate medical meeting yesterday that a formula for a long and healthy life would include longevity among one's ancestors, plus "low blood pressure, low metabolism, low diet and a low threshold for your sense of humor."

FBI Arrest in Violation of Dyer Act Case

Young Man Has Car
Reportedly Stolen
In Nashville, Tenn.

Edward O. Watkins, aged 27, of Cleveland, Ohio, was picked up this morning at the St. Francis hotel by agents of the Federal Bureau of Investigation and police officers, charged with violation of the Dyer act. The agents had been on Watkins' trail for some time, it was reported, and he was traced to Sedalia.

Edward O. Watkins

In his possession, according to the officers, was a 1942 Chevrolet coach, reported stolen in Nashville, Tenn., June 22. The automobile is the property of T. S. Rainey, Nashville.

Watkins, the Sedalia police said, was here recently selling Bibles. At that time he spent several weeks here, making communities surrounding Sedalia. Although several robberies had been committed in various communities, and suspects were sellers of Bibles, Watkins is not accused of any of these break-ins.

Admits Arrests
The arrested man admitted to F. B. I. agents and police officers he was arrested in Cleveland, O., in 1937 on a robbery charge and sentenced to a term of from 10 to 25 years, but served only three years at the Mansfield, Ohio, reformatory. He was arrested again in Cleveland in 1941, charged with robbery, and served four years at the reformatory.

Watkins was taken to Kansas City about noon by the F. B. I. agents.

Local police officers assisting in the arrest were Patrolmen Lester Estes, Bill Hatfield and Chris Rau.

First Purple Heart Viola

WASHINGTON, July 26—(AP)—President Truman today received the first purple heart viola from a wounded ex-soldier, who fashioned it with his teeth and one hand.

The viola is an artificial version of the violet-like flower which has been adopted officially by the military order of the Purple Heart.

Former Private Charles E. Oats, of Baltimore, who lost his right leg and his left arm fighting the Japanese on Guadalcanal, placed the flower in the President's coat lapel in a ceremony in the White House rose garden.

Other violas will be sold throughout the country August 7-14 in memory of fallen buddies. The proceeds will be devoted to welfare work among wounded veterans.

**Bar Communists
From IATSE Union**

CHICAGO, July 26—(AP)—The AFL International Alliance of Theatrical and Stage Employees (IATSE) today barred "all Communists, Fascists and Nazis" from membership in the union and instructed the general executive board "to take immediate steps to rid the international of any subversive, radical or Communist groups."

Delegates to the 38th annual convention of the Alliance adopted four resolutions, the net effect of which was to bar from membership "all subversive persons."

Bothwell Hospital Notes
John Love, Lincoln, and Mrs. Henry Davis, 510 East Twenty-sixth street, admitted for surgery.

Mrs. Harry Watkins and son, Route 5, and Mrs. Ellen M. Coopers, 502 Wilkerson, dismissed.

Miss Alice Dennis, Matfield, Mo., admitted for tonsilectomy.

Hubbell White, 214 East Sixth street; Mrs. John W. Standard, 1611 South Lamine; Mrs. Paul Blough, Slater; Mrs. William Trensler and son, 1305 East Boonville, dismissed.

Thought for Today

For where envying and strife is,
there is confusion and every evil
work.—James 3:16.

Controls Back In Effect

Agency Makes
Ready to Issue 102
Pricing Orders, Some
Items Untouched

WASHINGTON, July 26—(AP)—Price Administrator Paul Porter said today that in general OPA will not "rush to the rescue" of merchants who "paid high prices in anticipation of unloading at still higher prices."

OPA rolled back into action earlier in the day with a series of pricing orders, many granting price increases over June 30 levels (when the agency lapsed). Decontrol orders were ordered in many instances.

Among the immediate price hikes granted were those of coal, shoes and a long list of lesser items.

The OPA chief said that all food sellers should go back to their June 30 ceilings, except on items decontrolled, until notified of any change in their suppliers' ceilings.

WASHINGTON, July 26—(AP)—Price and rent controls are back in effect. And OPA is out today to make up lost time.

Stripped of many of its powers under the revival bill which President Truman "reluctantly" signed into law late yesterday, the agency nevertheless made ready to issue 142 pricing orders as it rolled back into business.

But none of these orders, due today, could touch any of these major items: Meat, dairy products, eggs, poultry, grains, tobacco and petroleum. The new law exempts these commodities from price ceilings at least until after August 20.

Meanwhile, as the war-born agency came back to life after 25 days of legal death, there were these developments:

1. Mr. Truman, in a message to congress last night explaining why he had signed the revival measure "with reluctance," cautioned that it "by no means guarantees that inflation can be avoided." Hence, he added, if it does fail in that respect he will call a special session to strengthen it and possibly hike taxes.

No Tax Hike
2. Congressional leaders quickly said they saw no prospect whatever of boosting tax rates. And Senator Wherry (R-Nebr.), a leading OPA critic, added to a reporter that any special session might result instead in complete abolition of the agency.

3. President Robert R. Wason of the International Association of Manufacturers said in a statement in New York, "N. A. M. still opposes OPA . . . because it restricts the freedom of the American people and substitutes the price judgments of a few super-bureaucrats for the judgments of forty million American housewives who have given us a four-block demonstration of their own ability to control prices."

Wason added that "Manufacturing industry of course can be counted on to keep its prices as low as wages and other costs permit."

Some Ceilings Eliminated
Ceilings were eliminated on all but two types of furs, which still remained under control on June 30. Today's decontrol order covered these furs: Muskrat, marmot, pony, South American spotted cat, Indian lamb, Lincoln lamb, Indian and African kidskin, hare and squirrel. The two furs remaining under ceilings are Mouton and rabbit.

Retail prices for work gloves were authorized to go up from one to six cents a pair, depending on the cost of material and whether manufacturers have granted wage increases. For example, a leather-lined Jersey glove which previously sold at retail at \$1.13, now may cost \$1.19, the top increase permitted.

Consumer prices for inexpensive automobile seat covers may be upped by as much as 21 per cent, or by about as much as \$1.75, under another authorized increase. OPA said this should increase the supply of seat covers selling for less than \$10 a set.

Decreases Ordered
Increases ranging from 20.1 to 21.6 per cent also were authorized for insulating firebrick.

Permission to include the cost of air-shipping fresh fruits and vegetables was extended through the rest of this year. This provision had been scheduled to expire June 30.

Cotton rug manufacturers were authorized to increase their ceilings 3.5 per cent and this price hike may be passed on to consumers.

In an action designed to stimulate production of a larger volume of relatively inexpensive goods, OPA added such products as razor blades and mechanical pencils to a regulation which permits manufacturers to apply for increased prices on goods in their lowest price lines. There was no indication of how much retail prices might be raised under this action.

Record Crowd Expected at Semi-Pro Tilt

Sedalia Ramblers to Play Burnett Meat Team at 9 O'clock

Saturday night the scheduled final game of the semi-pro tournament may not be the final contest. That is if the Sedalia Ramblers defeat the Burnett Meat Company. Then a second game will have to be played and it is possible that game will be on Sunday night. Arrangements are being made to hold the game Sunday night should the meat company team lose the Saturday night contest.

Only Team Undeclared
Burnett was the only team in the Missouri State Semi-Pro tournament to reach the finals without a defeat. The Ramblers were defeated once, early in the tournament, by Burnett and revenge will be sought by the Sedalia team Saturday night.

Expecting one of the largest crowds to attend a ball game at Liberty park since the installation of the lights, Emory Ellsworth, a member of the park board, has arranged to handle a crowd down the first and third base lines. The field will be roped off from the dugouts of the ball clubs out to the first light pole. Behind these ropes benches have been arranged.

Inasmuch as the benches are in foul territory, no ground rules will be necessary.

No Pitcher Information
The team managers have not given out any information as to what they are going to do Saturday night, except trying to out-guess the other. But the fans are pretty certain that Sanders of the Burnett team is coming back with Sammy House, his strikeout king. Sumners of the Ramblers has the best on keeping the fans guessing. He has Bus Walker, who pitched a perfect game last Sunday. He has "Skinny" White, who held the meat company boys until the sixth inning. And then there is Joe Mallot.

All of the box seat reservations are gone. These seats were taken up by 10 o'clock Monday morning. In an endeavor to see that everyone has a fair chance of getting into the ball park and obtaining a seat, the grandstand ticket window will be opened at 7 o'clock in the evening.

Assault in Saturday Race

CHICAGO, July 26.—(P)—Assault, a magic name among the nation's 3-year-olds, tomorrow will attempt to convincingly measure up to the greatness of his reputation in the \$98,650 Arlington classic.

The Texas Thunderbolt, holder of America's triple crown, with victories in the Kentucky Derby, the Preakness and the Belmont Stakes, will be sent out to end the jinx that previously befell other odds-on favorites in the fabled mile and a quarter classic.

The crowd of upwards of 35,000 probably will make Assault a 3 to 5 favorite to defeat an expected half dozen rivals.
Assault's presence apparently scared everybody out of the race except the Main Chance Farm's Lord Boswell, which apparently is at his best form; John March's Mighty Story; The Dude, owned by Mrs. Al Gail; James C. Stone's Sgt. Spence; Hal Price Headley's Pellicle and the Brolite Farm's With Pleasure. With the exception of Lord Boswell, all others are regarded as outsiders.

SPORTS ROUNDUP

By Sid Feder
(Pitch-Hitting for Hugh Fullerton, Jr.)
NEW YORK, July 26.—(P)—The New Jersey racing business is booming on the Garden State-Monmouth-Atlantic City axis has New York track operators biting their fingernails. The word is they've definitely decided this is Saratoga's last year unless the SPA men sing a fancier financial five than in the past.
And with the Jersey parks concentrating on conditions to make it pleasant for two-buck Benny and his missus to lose their dough, don't be surprised if the New York outfit stop pushing Benny around and start giving him a break, too, to keep his business. The Chicago breeders say the Cubs have short given up on Bill Nicholson and this will be his last year.
The Michigan Advance ticket sale for both Michigan and Notre Dame grid seasons tops all records. And if all you hear is true, both are loaded for Army this year, too.

Pass The Horseshoes, Please
Middleweight Champ Tony Zale isn't a superstitious guy ordinarily. But last Friday he broke his shaving mirrors at his Joplin Lakes training camp. And the next day came down with a crick in the back that did him out of his title clambake with Rocky Graziano and a paycheck that figured to be within whisking distance of one hundred grand.
And now he's watching out for black cats, ladders, and size 13 shoes. And Joe Vetter of the Patterson (N.J.) Evening News wants to know if the post-nominatee Mike Jacobs ring up "No Zale" on the cash register.

Bouncing Around
A sports writer who's been banging at what he calls "coogie wages" the Giants paid their hired hands caused Prexy Horace Stenholm to ask National League Boss Ford Frick for a comparison of the Giants' payroll with the rest of the loop.
And Ford wired that the Giants' average was the second highest in the league. With only the Cubs in front.
In all this talk about an international horse race bringing Airborne from England and Prince Chevalier from France, how come nobody mentioned inviting Bernborough, the great Australian Gee-gee, who only has won 151 straight—the last one lugging 151 pounds.

Sedalia Jr. Legion Eliminates Farmington

Joe Imhauser, Jr. Legion hurler, shut out the Farmington Jr. Legion, Thursday afternoon, 7 to 0, for the first shutout game of the State American Legion Junior Baseball tournament. Sedalia's victory over Farmington was its second victory and has one loss, while Farmington's loss eliminated from the tournament.

Burnett's of Kansas City came through in the second game of the day to beat St. Joseph 10 to 3 and eliminate the Up-the-River club from further competition. It was Burnett which defeated the local aggregation in the opening of the tournament last Tuesday.

The Sedalia team is now pitted against its old rival, Jefferson City Jr. Legion, who lost their 10 to 3. St. Louis is meeting the Burnett's of Kansas City in the 8 o'clock game.
It will be remembered, Sedalia eliminated Jefferson City in 1945 in a playoff from going to the 1945 State tournament, and much feeling exists between the two clubs meeting for the first time in the 1946 tournament.
Imhauser kept the Farmington hitters well in check in every inning, except the fifth, but a fast double play, Thomas to Tugle to Walker kept them from a scoring threat. He allowed six hits, the same number his mates got off of Yount in five and 1/2 innings. Detring, who relieved Yount, didn't allow a hit.

The line scores:
Farmington.....000 000 000-0 6 8
Sedalia.....000 331 00x-7 6 1
Yount, Detring and Ransie, Yount; Imhauser and Barbour.

St. Joseph.....000 010 002-3 2 8
Kansas City.....021 100 01x-10 3 8
Bigelow, Rloridan, Wood, C. Karter, Hockenauer; Kopp and Kelley.

St. Louis.....002 000 027-13 13 4
Jefferson City.....000 000 000-0 0 0
Klaus and Fisher; Lightner and Link.

TODAY'S GAMES
6 o'clock, Sedalia vs. Jefferson City.
8:30 o'clock Kansas City vs. St. Louis.

Red Birds Defeat Concordia Ball Team

The Sacred Heart Red Birds defeated Concordia last night at Liberty park by a score of 11-5. After a shaky start, the Red Birds collected as many hits as runs, knocking the Concordia starting pitcher from the mound in the fifth inning.

Spiller hurled for Sacred Heart with Simon behind the bat, while Dotson pitched and Kueck caught for Concordia.

In the preliminary girls' softball game, A&G Stores team defeated the St. Aloysius club team by a score of 25 to 11.

Champion Cherry Picker

HOOD RIVER, Ore., July 26.—(P)—The pickin'est migrant worker in the west—maybe in the world—drew his pay check today and headed for California and another harvest.

Henry Wooten, once-time Kentuckian, heard the other day that nobody ever picked a ton of cherries in a day. So he picked a ton.
It took him 12 hours to strip 2,168 pounds off the trees in the Webster orchards. It gave him the record; also \$75.84.
"He's about the best man we've ever had," said Roy Webster with magnificent understatement. "In six consecutive days last week he earned an average of \$56 a day at 3 1/2 cents a pound."
Pickers generally average \$8 to \$14 a day.

Seize Assets For Alimony

LAS ANGELES, July 26.—(P)—The Sheriff has been instructed to seize any of bandleader Artie Shaw's assets he may find after the musician's former wife, Elizabeth Kern Shaw, explained Shaw failed to pay her a \$2,000 alimony payment due July 10.
Mrs. Shaw, daughter of the late composer, Jerome Kern, obtained the seizure order in superior court after stating that under a property agreement signed August 1, 1944, the bandleader was to pay her \$2,000 monthly for five years.
They were married March 3, 1942, and their divorce became final last October 9. Previously Shaw was married to actress Lana Turner and his present wife is actress Ava Gardner.

YESTERDAY'S STARS

By The Associated Press
Hal Gregg, Dodgers—Made his first start in over two months and spaced seven hits in hurling Brooklyn to 4-1 victory over Chicago.
Harmon Killebrew, Cardinals—Pitched a 2-1 victory for the Cardinals over the Dodgers.
Johnny Lanning, Pirates and Blix Donnelly, Phils—Lanning pitched Pittsburgh to a 2-1 first game triumph against Phils. Donnelly yielded six hits in gaining Philadelphia a 9-2 victory in second contest.

Jittery Joe Berry, Indians—Stopped Athletics in relief role, singled and scored Cleveland's winning run in last of the ninth in Tribe's 9-8 triumph over Philadelphia.
Johnny Vander Meer, Reds—Yielded four hits in blanketing the Braves 1-0 for his sixth straight victory.

Revival At Dresden
Attendance at the revival meetings conducted each night at the Dresden Baptist church by the Rev. L. B. Hargrove, Sedalia evangelist, is increasing.
There will be a service Saturday night and two services Sunday. A quartet will sing at the closing service of the meeting Sunday night.

Traffic Cases
Fred Houchin, of Hughesville, and Miss Lucile Welch, 500 West Main street, forfeited \$1 overtime parking bonds this morning in police court.

Giants Defeat Cardinals, Score 6 to 1

**Dodgers Now at
Top of the
National League**

**By Joe Reichler
(Associated Press Sports Writer)**

For the first time in the memory of the modern day baseball fan, followers of the Brooklyn Dodgers today actually were singing the praises of the New York Giants.

For if it hadn't been for those same Giants, the Dodgers might not be perched at the top of the National league today.

True, the Dodgers whipped the Chicago Cubs 4-1 for the second straight time yesterday, but had the St. Louis Cardinals swept the three-game series with the Giants including yesterday's twin-bill, the Redbirds and not the Brooks would be occupying first place.

Instead, the Giants by dividing the two games, gained the series in two games to one to enable the Brooks to build up a game and a half lead over Eddie Dyer's pestiferous challengers.

Clipped Cardinals' Wings
After handsome Howie Pollet, the willowy lefthander from New Orleans, had gained his twelfth mound victory for the Cards with a nine-hit 2-1 triumph, the Giants threw their southpaw freshman ace, Monte Kennedy, against the Birds, and the 21-year-old North Carolinian clipped the Cardinals' wings with three hits as the Giants won 6-1.

In losing, the Cubs saw their third place lead over Cincinnati narrow to three and a half games as the Reds eked out a 1-0 decision over the Boston Braves.

The clearing of the entire Pittsburgh Pirates' bench except for the regular lineup by Umpire George Magerkurth highlighted the twin bill between the Bucks and Philadelphia Phillies. Magerkurth's action came after the Pirates booted a third called strike on Chuck Workman.

Pirates Win 2 to 1
The Pirates, behind the seven-hit pitching of Johnny Lanning, won the opener 2-1, but the Phils came back to rip Truett Sewell apart 9-2 in the nightcap.

In the American league, Boston's pace-setting Red Sox dropped a 3-1 verdict to the Chicago White Sox which cut their lead over the idle New York Yankees to 11 games.

With Mickey Vernon having a perfect four for four at the plate to wrest the league's individual batting leadership from Williams by one point, the Washington Senators tanned Detroit's Tigers 2-3 in the rubber game of their three-game set.

Smashing out 19 hits, their greatest total of the season, Cleveland's Indians outslugged the Philadelphia Athletics 9-8.

The Yankees and St. Louis Browns had an off day.

**NOTICE RE TELEPHONE LINES
ON STATE HIGHWAY**
WHEREAS, the undersigned has applied to the State Highway Commission of Missouri for permission to erect and maintain a certain telephone line upon and along State Highway No. C in Pettis County, Missouri, between points more particularly described as follows:
On the west side of Highway from south of the city limits of Sedalia, Mo., Sec. 11, R21W, T46N, through Sec. 11, 12, 13, 24, 25, 36, R21W, T46N, through Sec. 31, 32, R20W, T46N to the south section line of Section 22, R20W, T46 North.
NOTICE IS HEREBY GIVEN that at 10:00 a. m. in Jefferson City, Missouri, in the Highway Department Office Building, County of Cole, on the 2nd day of August, 1946, a hearing will be had upon said application, at which time and place any person who might be interested in the matter of the location of said line and matters incidental thereto, will be given an opportunity to be heard thereon, and that on or prior to said date any such person may file with said Commission objections or suggestions, in writing, regarding such matters.

Cub Scouts Razz Umpires

A few umpires probably went home with sore throats at the conclusion of Cub Day Camp, which was attended Wednesday, the final day, by 46 Cubs and leaders.

In tones of exhaustion, the umpires of the three morning ball games, agreed that "The Cubs—nine, ten and eleven years old—are real players if 'raggin' an umpire may be used as a basis for criteria. Some of the wildest games in town were played those mornings at which umpires, hoarse from arguing, were evicted by mutual consent almost every inning."

Other morning activities were relay races, "Capture the Flag," "Steal the Bacon" and ball tag. Winners were served chocolate milk at lunch instead of the plain milk served the others.

A different handicraft project each afternoon resulted in comedy, leather thong tea coaster sets Tuesday and plastic finished neckerchief slides Wednesday.

Assisting as leaders were Scouts Billy Arnold of Troop 57, Lee Weir of Troop 56, Claude Murphy of Troop 54, Don Alcorn of Troop 57 and Tommy Hopkins of Troop 55.

STANDINGS

NEW YORK, July 26.—(P)—Major league standings, not including today's games:

SPORTS MIRROR

By The Associated Press
Today A Year Ago—Red Ruffing, veteran right-hander, won his first start since his discharge from the U. S. A. A. F. when the New York Yankees trounced the Philadelphia Athletics, 13-4.
Three Years Ago—Harold "Jug" McSpaden defeated Buck White, 71-72 in the playoff of the Tam O'Shanter open at Chicago.
Five Years Ago—Attention won the Arlington classic and \$42,450 by beating favorite Whirlaway by a length and a half in a sensational upset that paid his backers \$21 and \$2.
Ten Years Ago—The Australian doubles team of John Crawford and V. B. McGrath defeated the British duo of George Hughes and Charles Tuckey in the Davis cup challenge round.

The second of the series of Young People's Sundays will be observed at the First Baptist church on Sunday, July 28. As was the case last month, large numbers of young people should be present in all of the services of the day.
The young people will provide ushers for the evening service, furnish the music, and otherwise have charge of the service. Following the evening service, there will be a fellowship and sing-spiration hour held in the basement of the church. Group singing will be under the direction of Mr. Robert Wild, and Mr. Clayton Dickson will bring a devotional message. This hour of fellowship, as well as all the services on Young People's Sunday, is arousing much interest among the young and older people alike in the First Baptist church.

Youth Project For Children In Germany

American Airmen Teach Democracy Via Picnic Route

By James Devlin (For Hal Boyle)

BREMEN, July 26.—(AP)—American airmen stationed at the Bremen airport are trying to find a picnic route to democracy for German boys and girls.
Ten of the airmen are giving up their Sundays and three evenings a week to work with the children. They say that Nazis are not born, but made, and that with proper guidance the German youth could be fashioned into democrats.
Their program was begun in May. How it operates was shown here the other day, when three U. S. army trucks drove up to a Bremen school and took on a cargo of about 80 smiling, waving boys and girls, 10 to 15 years old.
Some of the children wore wooden-soled shoes, but, despite a soap scarcity, all were dressed in spotless clothes. Some were accompanied as far as the school by their mothers, who stood by silent and uncertain as the children climbed into the trucks.

To Picnic Grounds
The vehicles clattered through the bomb-devastated city, out into the country, and came to a halt in a picnic ground in a glade. There the children piled out, some to go romping through nearby woods, others to clamber back all over the trucks. Softballs and basketballs appeared.
Most of the children bore signs of malnutrition—circles under their eyes and thin arms and legs. Yet, for four hours, they played with terrific energy.
Whether it was the teachings of democracy or not, there were no attempts to monopolize the games. The ball invariably was tossed to any newcomer stepping into the circle. There were no arguments or squabbles, no occasions for reprimands and never did any soldier say "don't" do this or that.

Distributed Candy
"We don't believe in whistle blowing," a soldier said. "It smacks too much of Hitler Jugend tactics. We are trying to teach them that they can do what they want as long as they don't interfere with anybody else."
Then came time to distribute candy. Colored sweets—supplied by the airmen out of their own rations—were piled in three big plates on a long table. The children sat on benches. But there was a delay when it was discovered that some of them, off picking blueberries, hadn't returned.
Those at the benches were hungry. But during the wait of fifteen minutes none reached for, asked for or even looked at the candy. They chatted as though it weren't there.

Children Have Poise
When the stragglers appeared, soldiers began to distribute the sweets. There were no cries of "Me, Me." All the boys and girls sat in their places until three or four pieces were given to each.
"These kids have remarkable poise," one of the hosts said. "We can't decide whether it is the old idea of discipline or whether they are just polite. Sometimes we wish they would set up more of a clamor."
"We don't know what they are told at home," the soldier added, "but whatever it is the kids will remember their outing."
Heading the youth project is Flight Officer Carl A. Fredrickson of Olathe, Kansas. Another of the prime movers is Pfc. Hugh Moy, once of Pittsburgh, Pa., but who has spent the past 16 years in Europe. Others devoting their spare time to the children include Sgt. Roy Shoemaker of Middleton, Pa.; Cpl. Henry Shantz of Pittsburgh, Pa.; Pvt. Eugene Landry of Lynn, Mass., and Pfc. Ray R. Allen of Summerland, Calif.

Farm Meeting At Runge Home

Farm families from all over Pettis county will gather at the Harry Runge farm on Wednesday afternoon, July 31st, to learn more about the Balanced Farming Program which is being conducted by Merle Vaughn, associate county agent, and Alice Alexander, home demonstration agent.
An afternoon program of interest to both men and women is being arranged. Crop and livestock production and management practices, and soil improvement measures being used on the farm, will be observed. The attractiveness and efficiency of the remodeled kitchen and the new water system, both of which are planned for the near future, will be of much interest, particularly to the women.
The adaptation of various farm and home improvement practices to the individual farm will be discussed by specialists from the Missouri College of Agriculture.

"Bill" Swift Is Home From Navy

William Arnold Swift, son of Mr. and Mrs. C. L. Swift, 1215 South Kentucky avenue, received his discharge from the navy Wednesday afternoon at one o'clock, and arrived home that night. When discharged, he held the rank of seaman 1/c.
Swift enlisted in the navy in the spring of 1945, and took his "boot" training at the Great Lakes Naval Training Station, in Illinois. He served in the China-Burma-India theater, being in China for several months.
Swift plans to enter Missouri university next fall.

Just Town Talk

SEDALIANS ARE CERTAINLY BASEBALL MINDED THESE DAYS AND THEY ARE JUST AS INTERESTED IN THE HOME TOWN TEAMS.
AS THEY ARE IN THE MAJOR LEAGUE TEAMS THEY ARE SO EXCITED WHEN THEY CALL THIS OFFICE TO LEARN THE OUTCOME OF THE GAMES THEY EITHER DON'T ALWAYS LISTEN OR THEY AREN'T THINKING OF THEIR ANSWERS YESTERDAY ONE OF THE FANS WAS TOLD THE SCORE WAS SEVEN TO ONE IN FAVOR OF SEDALIA AND SHE FOLLOWED WITH THE QUESTION "BUT WHO WON?"
I THANK YOU

PERSONALS

Dr. A. M. Garton, of Chanute, Kas., after spending Wednesday night and Thursday with his mother, Mrs. J. M. James, 506 West Seventh street, returned to his home Thursday afternoon.

Rev. and Mrs. J. E. Merrick and children, James and Melba, returned home Thursday from a trip to Canada and New York. The trip included visits to Windsor, Sarnia, Owen Sound, London and St. Thomas in Ontario, and to Buffalo and Allegheny, New York.

Mrs. K. Petley and daughter, Jane, of Warsaw, went to Fredericktown this morning, where they will spend a week.

Mrs. T. H. Holloway and daughter, Lovell Louise, 1120 East Fourth street, accompanied by Mrs. Holloway's sister, Mrs. R. H. Simmons, went to St. Louis today to visit Mr. Holloway, a hospital patient.

G. A. Ragland, 812 West Henry, went to St. Louis today to attend the Boston Red Sox and St. Louis Browns ball game.

Mr. and Mrs. Z. A. Green and daughters, Margaret Ann and Barbara, have returned to their home in Harrisburg, Pa., after a few days visit with Mr. and Mrs. Oscar DeWolf, 503 South Park avenue.

Mrs. Atha Mitchell of Booneville is here for a visit with her daughter, Mrs. Jacob Deck and her son, 703 Wilkerson.

Mr. and Mrs. Clarence J. Hiltenburg and children, Gloria Irene, Robert Layton, Virginia Louise and Diana Lee of Portsmouth, Va., are here for a visit with Mr. Hiltenburg's father, Jas. Hiltenburg and Mrs. Hiltenburg, route 4, Sedalia and his sister Mrs. George Simpson of Sedalia. They also visited Mrs. Elgin Doyle and Mrs. Arthur Coffman at Pilot Grove and will visit Mrs. Annabelle Hiltenburg and Mr. and Mrs. H. M. Green at Ottumwa. They came to Sedalia from Hayes, Kas., where they visited Mrs. Hiltenburg's mother, Mrs. Mary C. Bowdell and her sister, Miss Blanche Bowdell, former Sedalians. Mr. Hiltenburg is employed at the Norfolk navy yard at Portsmouth.

Raymond Mason of New York City is here for a visit with his mother Mrs. T. A. Mason, 611 West Fourth street, who recently fractured her leg and is a patient at Bothwell hospital. Another son Roy Mason of Kansas City, who has been here with his mother has returned home but will come to Sedalia again in a few days.

Mr. and Mrs. Roland James Russell, Jr., and son, Roland James III, of University City, are here for a visit with Mrs. Russell's parents, Mr. and Mrs. E. J. Thomas, 633 East Ninth street.

Mrs. Kelly Edgington and her daughter Mary Kay, who have been residing in St. Louis, are here for a visit with Mrs. Edgington's mother Mrs. Jessie B. Collins, 320 East Fourth street. They will go later to Advance, Mo., to join Mr. Edgington, who is with the Civil Aeronautics and has recently been transferred to Advance.

Mrs. Regina Franken has returned to her duties at the Union Bus depot after her vacation.

Floyd Goode, employee of the Union Bus station, is on vacation for two weeks.

Cars Collide, No One Injured

No injuries were sustained in an accident at Third street and Osage avenue about 7:30 o'clock this morning, when two automobiles collided. Damage of approximately \$250 resulted to the machines.

E. H. Miller, Georgetown, was driving his 1931 Tudor sedan south on Osage and Carl Lewis, 216 East Third street, was driving a Nash sedan east on Third street when the accident happened.

Miller estimated his damage at \$100 and Lewis believed the damage to the Nash, which is owned by Leroy Scott, was \$150.

No arrests were made.

Map Program For Hospitals

SAN FRANCISCO, July 26.—(AP)—Shriners today mapped a \$1,000,000 program of expansion for Shrine hospitals devoted to treatment of crippled children.

Announcement of the plans came at the conclusion of a three-day convention climaxed by the installation of new Shrine officers yesterday.

W. Freeland Kendrick, former mayor of Philadelphia and regarded by the fraternal organization as the father of Shrine hospitals, said the expanded program would include research into the causes and cures of crippling diseases.

George H. Rowe of Buffalo, N. Y., the new Imperial Potentate, said he would seek a year's leave of absence from his duties as New York Supreme court justice to visit over Shrine Temple in America.

Suffered Fatal Injuries
In Resisting Arrest
BLYTHEVILLE, Ark., July 26.—(AP)—Grady Hill, 37, of Cooter, Mo., died in a Blytheville hospital today from injuries suffered at Cooter last Saturday when he resisted arrest on an intoxication charge.

City Marshal Ray Jones of Cooter, who had attempted to arrest Hill, was exonerated in the shooting.

Marriage Licenses Issued
Vernon Townner, Sedalia, and Laura Louise Parsons, Bowling Green.

Ross Anthony Ross, Springfield, and Dorothy Fay Clark, Windsor, James L. Meyer, Sweet Springs, and Ruth I. Zimmerschied, Sweet Springs.

To Build a National Mental Health Institute

By James Marlow
WASHINGTON, July 26.—(AP)—The mentally sick will get a break, better than they've had, before two years to finish—a national mental health institute. The location: just outside Washington, in Maryland. The cost: \$7,500,000. The institute will be part of the U. S. Public Health service.

Its job:
1. Do its own research into the causes, diagnosis and treatment of mental illnesses. It will have a staff of specialists and receive volunteer patients.
2. Simulate and coordinate the same kind of research around the country in hospitals and schools.

Aid To States
3. Give financial help to individuals, hospitals and schools working in this field and help.

Demands Nazi Leaders All Be Convicted

(Continued From Page One)

Hitler believe in the "indecision and timidity of democratic people." Papen had been chancellor before Hitler took power. He listened intently without earphones.

Julius Streicher, the anti-Semitic publisher, paid little attention. Arthur Seess-Inquart, Hitler's ruler in Holland and earlier in Austria, appeared to doze several times.

Most defendants appeared to enjoy Jackson's remarks about the fortunes in art treasures which Goering looted. The former reichsmarschal just shook his head as if he were a man amazed.

No Objection
As for attempts of defense counsel to pin Nazi guilt on Hitler, Himmler, Goebbels and other leaders presumably dead, Jackson said the defendants "had access to Hitler, and often controlled the information that reached him and on which he must base his policy and his orders."

"Nowhere," Jackson went on, "do we find an instance where anyone of the defendants stood up against the rest and said, 'This thing is wrong and I will not go along with it.' . . .

"All over Germany today, in every zone of occupation, little men who carried out these criminal policies under orders are being convicted and punished. It would present a vast and unforgivable caricature of justice if the men who planned these policies and directed those little men should escape all penalty."

MONROE, Ga., July 26.—(AP)—Sheriff E. S. Gordon said today a band of armed white men ambushed and shot to death four negroes near the Walton-Oconee county line in Northeast Georgia late yesterday.

The sheriff said the four—two men and their wives—were taken from Loy Harrison, Oconee county farmer, and slain with shotguns and pistols. Their bodies were found near the Line Fort bridge, completely riddled with bullets.

Harrison was reported to have testified at a coroner's jury hearing Thursday night, but details of his statement were not immediately available.

Sheriff Gordon identified the victims as Roger Malcolm and his wife and George Butler and his wife. He said Malcolm had been released from the Walton county jail under \$600 bond only a few hours previously on charges of stabbing his former employer, Barney Hester.

Hester, he continued, still is under treatment at a hospital here. The mob was composed of between 20 and 30 men, the sheriff reported.

President Gets His Birth Certificate

JEFFERSON CITY, Mo., July 26.—(AP)—The fact that the president of the United States was born May 8, 1884 at Lamar, Mo., was formally certified by the Missouri health department today.

Elwood Musselman, head of the division of vital statistics, said President Truman's sister, Miss Mary Jane Truman of Grandview requested the delayed birth certificate but gave no reason.

She and the president's mother signed the affidavits attesting to the president's birth. The fee for the registration is \$2.50 plus 50 cents for a certified copy.

Charge Soldiers With Kidnapping

SPRINGFIELD, Ill., July 26.—(AP)—Two soldiers charged with kidnapping and violation of the national motor vehicle theft act have waived preliminary hearing before U. S. Commissioner William B. Chittenden and are being held on \$13,000 bond each.

Paul Edward Main, 17, of Grafton, Ill., and Charles Ross Jenkins, 22, Louisiana, Mo., waived hearing yesterday on charges of stealing a car owned by Cleis G. Barrow and forcing him to drive them from Madison, Ill., to Louisiana, Mo.

Three Grass Fires
Three grass fires caused runs by the fire companies today. The first call was at 11:03 o'clock this morning to 618 West Cooper street; the second at 12:03 o'clock this afternoon to Twelfth street and Summit avenue, and the third at 1:55 o'clock to 121 West Henry street.

Tire and Wheel Missing
Guy White, 1214 East Tenth street, reported to the police that while his car was parked at the Missouri Pacific shops, a tire and wheel were stolen. The report was made this morning.

states in their mental health programs. The institute will have about \$10,000,000 a year to spend on its work. The job is big.

Before congress approved creation of the institute, committees of the house and senate investigated the problem. The senate committee—the committee on education and labor—reported what follows:

There are 600,000 mental patients occupying hospital beds in this country, half of all the hospital beds available for all illnesses. Over 126,000 cases are admitted each year.

At any one time about 1,000,000 people are permanently disabled by mental illness and another 1,000,000 temporarily disabled.

The Committee Said
"It is estimated that 10,000,000 of the current population will require hospitalization for mental diseases at some time in their lives."

"About 6 per cent of the population—or 8,000,000 people—suffer from some form of mental illness."

Selective Service during the war disqualified 1,100,000 men from military service because of mental or nervous disorders.

Fifty per cent of all pensions paid by the Veterans Administration for disability are payable because of psychiatric disorders. (The term psychiatric includes diseases of the nervous system which affect mental health.)

Efforts Limited
The committee said: "Despite the contribution of public and private organizations and individuals, the nation has not yet made real progress toward the goal of mental health because these efforts have been limited

and they lack coordination. "Research in the field of mental illness has up to the present time been utterly inadequate in view of the magnitude of the problem and its serious consequences to our society."

"It is estimated that no more than \$2,500,000 is spent annually on research in psychiatry and related fields, as compared with an expenditure of at least \$250,000,000, or 100 times as much, for the maintenance of mental institutions."

"All public and private government agencies together are spending not more than 25 cents per year for research for each estimated case of mental illness, and only \$1 for each known case of total disability because of mental illness, as compared, for example, with \$100 per case of infantile paralysis, a disease which is far less widespread."

"The committee said: "Despite the contribution of public and private organizations and individuals, the nation has not yet made real progress toward the goal of mental health because these efforts have been limited

and they lack coordination. "Research in the field of mental illness has up to the present time been utterly inadequate in view of the magnitude of the problem and its serious consequences to our society."

The Daily Washington Merry-Go-Round

WASHINGTON, July 26—Most distressing political development in the nation is the weakening of public confidence in our Democratic legislative system. Wire-pulling for war profiteers by congressmen May of Kentucky, congressional dawning over OPA, the influence of cash campaign contributors over congressional voting, all have weakened confidence in congress at a time when we can't afford lack of confidence.

This writer happens to be one who believes congress can be, usually is, a bulwark of our democracy. Furthermore, most of its members are honest, conscientious, hard working. They are a true cross section of the American people—which is the essence of democracy.

A small minority, however, can damage the reputation of the rest. Long ago, congress should have adopted rules of conduct to protect its own reputation. But, since it covers up rather than purges wayward members, this column will call the roll of congressmen who vote for the pocketbook interest rather than the public interest. Here is the first rollcall:

Rep. Frank B. Keefe, Wisconsin Republican—Led fight to defeat legislation for national cemeteries to bury war dead. Instead, he advocated and won out on a plan to bury war dead in private cemeteries in USA—which means large profits for private cemeteries. Most people don't know it, but Congressman Keefe is president of Lakeview Memorial Park, Oshkosh, Wis., operators of a private cemetery. Keefe, therefore, voted for his pocketbook interest, not the public interest.

Rep. Dean Gillespie, Denver, Col., Republican—Battled to the end against OPA. He happened to be vice president of Bluhill Foods, Inc., which, on March 22, paid a fine of \$1,007.11 to OPA for violating price ceilings on marmalade. His company is now being sued for \$13,991.31 treble damages for violating price ceilings on preserves. Congressman Gillespie, therefore, not only let his food company violate price ceilings, but voted for his pocketbook interest to abolish OPA.

Senator Elmer Thomas, Oklahoma Democrat—Made speeches against OPA margins when OPA tried to prevent cotton speculation. While making these speeches Thomas and his family were speculating on cotton.

Senator Hugh Butler, Nebraska Republican—Opposed famine relief shipments of grain to Europe; also voted to remove price ceilings on meat and grain. Butler is a big grain and flour dealer, also raises cattle. He worked for the pocketbook interest, not the public interest.

Senator Edward Robertson, Wyoming Republican—Voted to remove price controls on meat. The senator is a big cattle and sheep rancher. His vote was for the pocketbook interest.

Senator Wherry, Nebraska Republican—Introduced an amendment to the OPA bill whereby automobile dealers would get a higher profit on the sale of cars. Wherry long has been an auto dealer. His vote was for the pocketbook.

Another roll call of pocketbook interest congressmen will follow shortly.

—This column has long proposed that congressmen be required to register their stock and commodity transactions and their business interests, so the public may judge the influences behind their votes. Honest congressmen would have nothing to fear from this.

General Duty Nurse
by LUCY AGNES HANCOCK
Copyright by Lucy Agnes Hancock Distributed by NEA SERVICE, INC.

XXXVII

THE operation was performed that afternoon as scheduled and Sally telephoned the patient's family as she had promised and got in touch with Miss Niles. From the tremor in her voice Sally suspected she was very fond of her boss and assured her she would let her know his condition in the morning and from time to time thereafter.

"He won't be able to have visitors for several days, Miss Niles," she told the girl, "but you are the one he wants to see first, so just as soon as he is able to have callers, I will let you know."

It was a week later that the feeding tube was removed and Ronald Virgil was able to have soft food.

"I wonder if you have any idea of how I feel, Nurse," he asked as he ate the semi-liquid offered him. "This is the first time in years that I have been able to eat with any degree of comfort or enjoyment. I think, perhaps, this afternoon I might have a caller. Perhaps Miss Niles could come. Do you suppose she could, Nurse?"

"I can telephone and see, Mr. Virgil. You are looking so much better that I feel sure we can take down the No Visitors sign from your door."

"Please don't," he pleaded. "Not for a day or two, anyway. I—I don't feel up to much and—"

"Of course you realize your sister has been here every day, don't you? It has been very hard to keep her away from you."

"I suppose so; but—please let me have a few more days—alone. Then, I feel I shall be able to cope with anything."

day. I hate to do it; but I'll have to send her off."

"I want to see her—I'll stick around for a minute." The doctor grinned.

Sally opened the door, after knocking discreetly, and entered. The shining faces of the two inside spoke volumes and her smile was sympathetic as she interrupted them.

"This is our patient's first day for callers, Miss Niles, and we mustn't let him get too tired. I'm sure you can come back tomorrow—in the morning, if you like. Probably his family will want to come in the afternoon," she explained tactfully.

The girl blushed and thanked her, while the eyes of the patient watched his beloved adoringly. "Good-by, darling," he said softly, and she stooped to kiss him quite as if it were customary.

"We're engaged," he said triumphantly as the door closed behind her.

"Oh, I didn't know," Sally said. "Then—"

"My family doesn't approve," he said baldly. "I've been a fool and a coward, but not any longer. Now that I shall be well and like other men I feel I can face them. Mother and Etta are not dependent on me for support. Mother has plenty for both her and Etta; but somehow they have never wanted me to marry—to leave them. Ann and I have been in love for years. She understands; but now we shall be married just as soon as I am on my feet. I shall not do any explaining until it is all over. You have no idea how I feel, Nurse—now that I shall be as other men—well and strong."

It was barely seven when Sally finally went off duty that afternoon and Margaret Adams met her on the stairs leading to the dining room. She had a letter in her hand.

"Special Delivery, Sally," she said, holding it out. "I signed for it. I hope it isn't bad news. It's from Washington."

Felt Old & Run Down

FROM GETTING UP NIGHTS, LOSING SLEEP
Due to insufficient excretion of the **KIDNEYS**

Folks that feel old before their time from loss of sleep, frequent getting up nights, should know how wonderfully Dr. Kilmer's Swamp Root medicine relieves such distress when due to faulty kidney excretion. For three generations Swamp Root has been the standby in millions of homes when loss of sleep causes folks to feel so nervous, run-down and worn out. Many think there is nothing like the natural herbs, roots and barks combined in Swamp Root, for stimulating kidneys' eliminating function. TRY IT! Try to get feeling better with a bottle of Swamp Root from the drug store.

House Favors More Pay For Congressmen

Also Would Slash Committees From 48 to 19

WASHINGTON, July 26—(AP)—The House passed Thursday night 229 to 61, a bill to boost salaries of congressmen, make them eligible for pensions and overhaul the machinery by which they work.

The tradition-shattering measure, among other things, slashes the number of House committees from 48 to 19 and of Senate committees from 33 to 15.

The Senate passed similar legislation June 11. The two versions will be sent to a Senate-House conference committee for adjustment of differences.

To Limit Raise

The Senate measure would increase the yearly pay of members from \$10,000 to \$15,000, but the House voted to limit the raise to \$12,500 annually.

Under the House version, however, a \$2,500 yearly, tax-free expense fund for members would be retained. Under the Senate's bill this allowance would be abolished.

The Senate measure also provided for an \$8,000-a-year administrative assistant for each legislator, but the House refused to accept this proposal.

Canadian Test-Pilot Returns After Crash

OTTAWA, July 26—(AP)—The Canadian air force's ace test pilot, 25-year-old Flight Lt. W. M. H. McKenzie, returned to civilization Thursday after being lost in the northern Ontario wild lands for 27 days, 23 of which he said he went without food. The other four he lived on raspberries and blueberries. He had to wait for them to come into season.

He crash-landed in a Gloster Meteor jet plane. The crash was not due to the plane, he said, and he is "as strong for them as ever."

McKenzie has been the chief tester of this plane for Canada.

Failure of the oxygen supply about 50 minutes after he took off from Kapuskasing, Ont., for Sudbury, on June 29 caused him to lose consciousness, he said. When he came to he did not know exactly where he was, but found he was low on fuel. He turned on an emergency fuel tank of 100 gallons, but it failed to work.

He crashed in Helen Bar Lake, about 96 miles east of Sault Ste Marie and about 80 miles west of Sudbury.

An Atomic Bomb All His Very Own

ST. JOSEPH, Mo., July 26—(AP)—When William Andrews, 36, lighted a match to ignite a trash pile Tuesday he set off an explosion that rocked the neighborhood.

The pile, consisting of logs, tree stumps and debris, disappeared completely. Only a hole in the ground remained.

A gasoline container was found nearby. Police said they thought gasoline had been poured on the pile and that it had vaporized, exploding when the match was lit.

Andrews suffered only bruises and burns on his face and hands.

Looking Backward Forty Years Ago

The annual Bible school class of the First Christian church is holding its annual picnic at Ware Grove, three miles north of the city today.

Messrs. W. L. Porter, James T. Montgomery and J. W. Mellor returned last night from St. Louis where they laid before the officials of the Courtney Shoe Co., a proposition looking to the erection of a branch factory in Sedalia. The matter was taken under advisement by Mr. Courtney and his associates.

Supt. N. J. Finney of the M. K. & T., yesterday issued a bulletin cautioning conductors to use discretion in the carrying of sick or disabled people in the baggage car of the trains.

W. F. Keyser, secretary of the Missouri Bankers' Association left today for a business visit at St. Louis.

A dance for the younger society set will be given under the supervision of Riley Spillers and Clyde Barker at the Sedalia College of Music hall Saturday night.

Baby Wrens Accompany Mortie Kronk In Car

JEFFERSON CITY, July 26—(AP)—Every time Mortie Kronk drives to town from his farm near Jefferson City, four baby wrens come with him.

They are in a nest under the running board of Kronk's car.

Mamma wren lets her children take the trip alone. She flies from the nest when Kronk starts his car.

Three Negroes AWOL From Boonville MTS

BOONVILLE, Mo., July 26—(AP)—Three Negro inmates of the Missouri Training School for boys who earlier had escaped from the institution, were discovered by J. L. Brummel in the basement of his home here but they fled a second time before authorities could effect their capture.

Brummel said they were armed with knives. Names and descriptions of the youths were not released by the school.

Police Chief Layton Miller of Boonville said an automobile theft had been reported.

Chicken Raisers Enjoy Big Steaks

ST. LOUIS, July 26—(AP)—Steak was on the menu Thursday night for the annual banquet of some 2,000 delegates to the International Baby Chick Association's convention.

Asked why the association members turned down their own product in favor of steak, an association official said: "We're country folks, so we'll save such delicacies as chicken for you city people, who don't get as much as we do."
